7. One Fall Rule

Each skier will be permitted one fall on his first pass only, subject to time. This rule will be communicated to the skiers before the commencement of each round of competition.

A fall is defined as:-

Falling while skiing through the slalom course

■Missing a Buoy

Missing an Entrance Gate

Missing an Exit Gate

Should a fall occur, the boat will pick up the skier to repeat the pass in the same direction. The skier will not be picked up after a second fall. The skier's score for that pass will be protected and the skier may improve upon his score. The skier must ski at the same boat speed, same rope length and in the same direction.

## 8. Tow Lines

The skier shall have the option of selecting the starting speed and rope length. If the rope length selected is less than 18.25m and the speed is less than the maximum for the division then the skier will proceed at that rope length until the maximum speed is reached.

The skier will be credited with all buoys from each pass waived or skied up to and including his last perfect pass plus the number of buoys scored on his last incomplete pass, if any.

When a skier starts with a rope length shorter than 18.25m, for all passes below maximum speed, scoring will be as if the skier had used an 18.25m rope.

#### 9. Gates

Entry gates are deemed to have been taken if the judge(s) agree that the skier attempted to pass through the gates.

#### 10. Insurance

All overseas riders must provide evidence of personal accident insurance covering competition waterskiing.

#### 11. Obligations

Skiers must sign the form/letter of indemnity and agree to waive all rights to images taken of them during the event.

### 12. Protests

In the event of a protest a USD65.00 fee is payable on lodgement of a protest, refundable in the event of a favourable ruling.

# 13. IWWF Asia Waterski Series 2019

Forming part of the IWWF Asia Waterski Series an experimental handicap system will be adopted to determine the men and women titles in Slalom and Tricks for the Sri Lanka stop. This system compares the skier's performance on the day against their personal best result in slalom or tricks with the most improved performances being rewarded accordingly.
