4. OFFICIAL TOW BOAT

The event will be towed by a [2022 Centurion Ri230](#). With as much as 5400 pounds of ballast available, the incredible wakeboard wake of the new 23-foot Centurion Ri230 has become a bigger topic of conversation because it is being generated by the smallest of the Ri Series Centurions. The Ri230 is attacking all areas of innovation simultaneously with a deeper, thoughtfully refined, more aggressively styled and better performing 23-foot wake surf and wakeboard boat. The World's best waves, wakes and ride have gotten even better with the evolved running surface of the Ri230's Opti-V Hull. With 20 degrees of dead-rise at the transom the Opti-V Hull displaces more water with less weight while preserving a great rough-water ride and creating killer wakes. Centurion engineers have added a number of lake life-improving refinements to the Ri230 for as many as 14 people. The 2022 Centurion Ri230 includes Centurion's Remote Engagement Continuous Optimization Network (RECON) telematics by Osmosis, Lay-flat Sun Pad Lounge Seats, Revo 12-inch by 12-inch side by side touch screens, the all new available RAMFILL2 or as well call it the "Baller" ballast system, the available Range of View (ROV) bow to stern camera system with live fuel usage data, and the available Centurion Shift Thruster System by CMI.
